Dear Parents,

As like eastern era , it is not viable for parents to sit in the school gate for whole school time to look after their child. On the other side, some anti social elements may create chaos in name of political, social and religion issues. In all those situation child security becomes a major concern.

Now in technology world parents can make watch their child by just tracking though mobile, when and where their child is, when he/she reaches home/school and in case of emergency time they can call and talk. These all technologies may increase to the child's security to the some extent if it properly implemented .These small questioner may help for surveying advanced technology usage decision. So, please fill this form and submit to the concern school.

Thank you.....
